**I. Review Meeting Information**

- Meeting Date: **30.08.2024**
- Meeting Time: **20h30 GMT+7 (VN Time)**
- Meeting Location: **Zoom Meeting** ([link here](#))

**II. Review Description Description**

1. What went well?
  - a. Team members could easily follow the project plan.
  - b. The team worked well with good progress and no delays.
  - c. They can have the mindset about all architecture of the SIBOOKS WEB system.
  - d. They can design all the UI Layouts.
2. What went wrong?
  - a. The code about APIs.
3. What problems and what caused the problems?
  - a. The deployment diagrams had a lot of wrong issues so they needed a lot of time to fix them.
  - b. Members had no experience with the frontend code and backend code so they needed a lot of time to learn and fix bugs from code.
  - c. We do not have enough time to write documents and code all the time.
4. What can be done differently in the next sprint to improve the project?
  - a. Our team will test all features and functionality of the system.
  - b. Our team will write the plan to release our product.
  - c. Our team members need to discuss the plan to code on time.
5. What lessons we could learn?

- a. The importance of thorough planning and validation of use case diagrams.
- b. The need for team members to gain experience and training in frontend and backend development.
- c. The time is limited so we just focus on the main features.
- d. The main features is very important.

### **III. Summary of the meeting**

- All members were present fully and on time.
  - Team members can list all problems of their tasks and give solutions to the next sprint.
-
