I. Planning Meeting Report

- Meeting Date: 15.06.2024
- Meeting Time: 21h30 GMT+7 (VN Time)
- Meeting Location: Zoom Meeting ([link here](#))

II. Planning Meeting Description

1. Identifying and prioritizing tasks
 - Our team needs to discuss about the use case models.
 - In this sprint, our team will focus on the use case diagrams and specification. In addition to, team members will code the basic functionality about this project.
2. User - stories / Use - cases for the next sprints
 - We do not know the initial use case for this project so we need to receive feedback from TAs.
 - We need to design use case and architecture for the key features in this sprint to code the frontend and backend.
 - We need to boost up the energy and the speed to complete all the tasks we need.
3. Assigning tasks to team members

Student ID	Full Name	Roles	Tasks	Status
22127174	Ngô Văn Khải	BA - DB Designer - Backend Developer	[Revision] Detailed vision document - 2nd submission <ul style="list-style-type: none">• Vision Document - PA2• File README.txt	Handed over ▾

General Tasks for Team Members			[Design] <ul style="list-style-type: none"> Learning how to draw the use-case diagram. Learning how to use Figma to design UI prototypes. Learning how to design backend architecture. 	Handed over ▾
			[Management] <ul style="list-style-type: none"> Planning the tasks and split the tasks for Sprint 02. Checking and reviewing all tasks of each members Create project email, discord, facebook, ... 	Handed over ▾

III. Summary of the meeting

- All group members discussed enthusiastically and asked many good and interesting questions.
- During this meeting, many issues needed to be resolved. Our team proposed some satisfactory solutions but still needed to be adjusted to suit current requirements.
- All members were present fully, and on time and were handed over work without any objections.

HCM City, June 15th, 2024
